Power Supply Resource Portfolio

- Portfolio Philosophy
 - Diversity: location, term, fuel, ownership/offtake
 - Customer load/generation as a resource
 - Recent portfolio additions

Bishop Hill III Wind Energy Center

- 132 MW
- Located in Henry County, IL
- Online June 1, 2018

Point Beach Solar Energy Center

- 100 MW solar PV
- Sited on Point Beach Nuclear Plant property near Two Rivers, WI
- Scheduled online 2021

Carbon Reduction Goals/Efforts

- WPPI Energy supports Wisconsin's Carbon Free by 2050 Goal
 - Consistent with WPPI's objective to achieve carbon reductions in line with regional peers
 - Reliability is essential
 - Member customers' needs/interests are important
 - WPPI assists members with local objectives
 - Support ongoing efforts to improve technology

Thank You
